

The Home Journal.

PUBLISHED EVERY THURSDAY EVENING AT
TWO DOLLARS PER ANNUM.

WINCHESTER:

We are authorized to announce Richard Faris a candidate for Constable in this district.

There will be no paper issued from this office next week, as we have to move to another building, and also have to make quite a change in the typographical department of our paper, such as resetting all the advertisements, &c., preparatory for the new dress.

All persons who have promised to pay for the Home Journal in wood will please bring it in right off, as it is much more trouble to us to have it brought by the load or two each week. When we can get about fifteen or twenty loads at once, we can have it all sawed up and packed away, and thus keep the street clean.

Notice. — "Bennie" will be round on New Year's Day with his address and we trust that many halves and quarters will jingle in his pocket when he gets back. Be liberal toward him, for your liberality couldn't be shown to me more worthily.

This is the last paper that some of our subscribers will get—we mean those who have never paid us anything. We don't want your names any longer if you don't intend to pay us. So good bye. We are determined to adopt the cash system, sink or swim.

Wood on the Streets. — At several places in town we notice immense piles of wood thrown into the streets, and when it rains, all the water and drift, instead of passing off, is caught by the wood, and a sloppy street is the consequence. Persons who allow their wood to thus disfigure and injure the streets, ought to be fined heavily, and we admit while making this assertion, Fancy Gate might be brought up to tax for its neglect in this respect in days gone by. But not so now. It has no wood in front of it and hereafter will have none longer than it takes to cut it up and pack it away. Let our Town Constable go round and see to this matter.

A PROPOSITION. — Are there twenty or more persons in Winchester who would become members of a Reading Room should we establish such a thing? Efforts have heretofore been made in this respect by companies in our town, but proved unsuccessful. Rooms were rented, tables and files prepared, and yet such preparation availed nothing. We remember about ten years ago of being employed to keep a reading room in Winchester, which we did for two or three months.

OUR STREETS. — We have frequently spoken of the necessity of fixing the streets in Winchester before winter set in. But they have been neglected, and now that winter is fully upon us, we find it muddy and sloppy in nearly every street in the town, after a rain. There is no town within our knowledge that is as susceptible to great improvement by little labor, as Winchester. The situation is high, and the water can be drained off very easily. Now, suppose about \$250 or \$300 was spent immediately on our streets—what an improvement it would make! The streets need graveling. It has been many years since they were gravelled, and unless they are attended to immediately it will cost a great deal more money in a short time hence. "A stitch in time will save nine," is a true and true saying, and never was more applicable than in this instance. Will not the authorities see to this matter forthwith. We believe there is no Rail Road tax now upon the people, and for bad streets there can be no excuse. The side walks are in a bad fix, too, and owners of property on them should be made to remedy the defect.

By-the-way, we have been requested by a dozen or more persons to notice the condition of our streets, and we say in return that the citizens of our place, as a mass, should pay attention to the matter. One waits for another. Where are our corporate authorities?
